

Now in the Library, and find them in excellent shape and order, and can see nothing that requires suggestion from us. All owing to your worthy Librarian, who always keeps a watchful eye over the Books, and thereby furthering the interests of the Y. M. L. A.

The Furniture & Fixtures seem to be in excellent repair. As a small item of economy, we would respectfully suggest the purchase of a couple of splottons for the use of the Library room.

You will find attached to this report, an inventory of the property of the Association.
